## OSHA Preparedness

### Make safety your competitive advantage!

South Bend, IN - Nov 10 - 11, 2010

#### *Event Description:*

Successful companies don't wait until a disabling accident occurs or an audit forces them to comply with OSHA regulations.

- They identify and eliminate hazards in their workplace!
- They create a safe and healthy environment
- They understand OSHA requirements and prepare for inspections
- They understand the value of safety education

*"Mike helped us identify opportunities for cost savings and competitive advantages in our industry".  
Aaron Scrivens, Becker & Scrivens Concrete Products,*

#### *This Event Will Help You:*

- Develop and Maintain Control of your safety program
- Understand how to use the key safety documents
- Use continuous improvement tools to identify and follow-up on deficiencies
- Reduce costs by effective safety management
- Know what to do in the event of an audit!

#### *Who Should Attend?*

Manufacturing Managers and Supervisors, Small Business Owners, Executives, Safety Committee Members, Human Resource Professionals, Engineers and Team Leaders

#### *Cost :*

\$595 per Person

*"Mike helped us identify our safety compliance issues and prioritize our action Plan". Jim L. Tecumseh, MI*
